

Houndslake
COUNTRY CLUB

VOL. I NO. 8 AUGUST 2020

The Horn

Newsletter for Houndslake Country Club

DEAR MEMBERS,

Let me begin by saying that we hope everyone is staying safe and healthy. We are doing everything possible as a club to make sure that all of us, the members and the staff are safe. We all need to work together to help each other through these uncharted waters, and we believe that we are doing that.

During times of stress and uncertainty, we need to find ways to relax and relieve ourselves of daily worries. The Club is the perfect place to do that, whether it be golf, tennis, pickleball, swimming or dining. Our hope is that you make time to visit and enjoy the club more often. There are many activities scheduled for August. All of this information is in the newsletter so be sure to check out the calendar for dates and times.

We have had to make small changes to our dining schedule, but we still have many wonderful options available. In August, our dining schedule is as follows:

Wednesday: Ladies Night
Friday: Seafood Night
Saturday: Steak Night

The details of our dining options are highlighted in this newsletter. The most recent mandate from Governor McMaster is that restaurants operate at half capacity beginning August 3rd.

We very much appreciate all of the positive comments that were made from the members who dined with us in July. Our Food and Beverage staff has been busy creating new popular menu items that you will enjoy. We take much pride in providing for you the absolute best dining option in Aiken. Every day, we strive for quality and affordable food, prompt and friendly service and a safe and comfortable environment. Meals also will be available for takeout.

I want to thank everyone who has continued to patronize the club during this crazy time. We appreciate your support and flexibility with the changes that have been put in place. We look forward to the day we can get back to normal operations.

**ENJOY YOUR AUGUST,
JACKIE & DANIEL SEAWELL**

Garden Club News

AUGUST GARDENING TIPS

Prune your azaleas, forsythia, dogwood, redbuds and rhododendrons.

August is the hottest month of the year. Keep an eye on your plants water needs. Container gardens will dry out fast and small container plants should be watered twice a day.

Pick fresh flowers for your home from your perennials. It will help promote new blooms and add a touch the outside in your home.

Order your spring blooming bulbs now for fall planting. Keep pruning your cannas to prolong blooming.

When annuals or perennials get scraggly, cut them back about 1/2 way and fertilize. Continue to water and as the days start to get cooler they can bounce back and give more color.
